SIR, MANNING THE BANGALORE CITY CONTROL ROOM.

ENCLOSURES .....

....

.....

SPARE COPIES.....

I have the honour to state that the point has been reached when the City Control Room has to be kept manned all the 24 hours, since warning messages are likely to be received frequently and there should be a trained official near the telephone to receive them and to act at once according to a memo of instructions worked out. In fact one such call was made to the Control Room telephone yesterday morning but as it had not been manned yet, there was no response. Such calls may be made more frequently hereafter and emergent action may be called for at any moment. I find it urgently necessary to ask for 4 trained operators @ Rs.35/- per month each, one for each shift of 8 hours (and one reserve) to man the Control Room continuously with immediate effect. It is not possible for this important and highly responsible work to rely on voluntary staff.

Sanction of Government is therefore solicited at once for the above staff.

I have the honour to be,
Sir,
Your most obedient servant,
N. Madhava Rao

MANNING THE CONTROL ROOM, MYSORE CITY.

SIR

I have the honour to enclose herewith a copy of letter No.A.R.P.T.479 dated 31-3-42 of the A.R.P. Controller, Mysore City, regarding the manning of the Mysore City Control Room and to request sanction of Government for the proposal to appoint 3 operators on Rs.35/- each per month.

I have the honour to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

KVN.

Letter No.A.R.P.T.479 dated 31st March 1942, from the A.R.P. Controller, Mysore, to the Special A.R.P. Officer, Bangalore.

Adverting to your letter No.A.R.P.143/41-42 of the 28th instant, I wish to enclose herein a copy of my letter to the Inspector General of Police in the matter.

COPY.

For Inspector General of Police.

KVN.

Letter No.A.R.P.T. dated 2nd March 1942 from the A.R.P. Controller, Mysore City to the Inspector General of Police in Mysore, Bangalore.

I have the honour to enclose herein copies of correspondence between myself and the Superintendent, Cauvery Power Scheme regarding arrangements for the Control Room. I note below for ready reference the original proposals made by Mr. Madhava Rao regarding manning of the Control Room.

> "A combined Control Room and reporting centre for the City will be located in the Telephone Exchange. The Palace, the Deputy Commissioner's Office, the Mandakalli Civil Aerodrome, the two Sub-Control Headquarters (Now four), i.e., the North and South Divisions, the two A.R.P. Depots and Wardens' Posts in the City will be connected by telephone with the Control Room. There should be two IN and two OUT message panels of the above telephones manned by four telephonists who will be volunteers. In addition to the above, the staff of the Control Room will consist of the A.R.P. Controller and his Deputy (District Superintendent of Police, Mysore District), one message clerk in charge of the map and tally board and two messengers (Senior Scouts) Representatives of the Palace, Public Works Department, Electrical Department, Municipality and the Mysore State Railway will also be present. A reserve of four cyclists (Senior Scouts) will be posted here for use as messengers in case the telephone service breaks down."

According to the above proposals special telephones to the following will have to be given from the Control Room:

1. Palace.
2. Deputy Commissioner's Office.
3. Mandakalli Aerodrome.
4. A.R.P. Depots.
5. Wardens' Posts.
6. Four Sub-Control Headquarters for the four Divisions.

In order to have a telephonic broadcast in the City, the following are also to be connected to the Control Room:

1. Selected Mansions and buildings connected with the Palace.
2. Mysore State Railway Control Room.
3. Central Workshop, Mysore State Railway.
4. Mysore Chemicals & Fertilisers, Belagula.
5. Executive Engineer, Krishnarajasagara Dam.
6. Krishnarajendra Mill.
7. Office of the D.S.P. and Police Stations.
8. Hospitals.
9. Headquarters, Mysore Infantry.
10. Vani Vilas Water Supply Office.
11. Forbes Transformer House.
12. All important public buildings.
13. Important Factories and selected subscribers.

I understand that owing to want of materials, it has not been possible to give any of these telephone connections. The note of the Special A.R.P. Officer is apparently based on the Madras and Bombay system under which selected telephones will during an Air Raid, by an electrical mechanism be switched over to the Control Room and could be operated from there, all these being automatically connected with this Room. This matter has therefore to be taken up immediately with the General Superintendent, Cauvery Power Scheme, and a decision arrived at as to how far it is possible to devise a similar system here.

At present no effective control from the Control Room could be exercised till these are installed. The General Superintendent, Cauvery Power Scheme however in-formally told me that he could give about 4 or 5 telephones which could be operated from any of the centres in the City, i.e., 4 or 5 people could speak simultaneously to the Control Room and 4 or 5 sent out simultaneously to different parts of the City. This is the next best alternative. Early orders are therefore necessary regarding the arrangements in the Control Room.

According to the present instructions, the Controller, his Deputy and representatives of the Palace, Public Works Department, Electrical Department, Municipality and Mysore State Railways will have to be present in the Control Room in addition to Clerks etc., at the time of the Air Raid. But as it is, in ~~the~~ Mysore City, the President of the Municipality being the Controller, he will be busy in the mornings with inspections and if unfortunately any raid occurs in the mornings, he could not be in the Control Room at that time. So unless special arrangements are made, it will not be possible even to give the warning. It will, therefore, be necessary to have full time operators in the Control Room all the 24 hours. The General Superintendent, Cauvery Power Scheme considers that at least 3 such people will be required for manning the Control Room so that they could work on an 8 hour shift. As it is essential that there

there should be some one always in the Control Room all the 24 hours to sound sirens and to intimate all the officers concerned, immediate arrangements have to be made to man the Control Room.

In this connection, I understand that in Bangalore trained operators have already been sanctioned on a temporary basis to operate at an eight hour shift. Similar arrangements are necessary for Mysore. These operators will be separately instructed regarding their duties.

Sanction is therefore requested to the appointment of three operators on the minimum pay of Rs.35/- to be in charge of the Control Room and (ii) to the Electrical Department undertaking the necessary installation of the telephones in the Control Room.

ALLOWANCES TO THE FOUR OPERATORS SANCTIONED TO THE CITY CONTROL ROOM.

SIR,

I have the honour to state that Government have in their order No.2274-76/W dated 2-4-1942, copy enclosed, sanctioned the appointment of four trained operators for duty at the City Control Room. Four operators have been appointed by transfer from the Electrical Department. It is understood that these operators were in receipt of either cycle allowance or rent-free quarters at the places where they were originally working. I request therefore that sanction of Government may kindly be obtained for the payment of an allowance of Rs.10/- per mensem to each of the four operators from the date of their report to duty to the A.R.P. Controller, the cost being met out of the lumpsum grant of Rs.50,000/-.

2. Letter No.A.R.P.193/41-42 dated the 9th April 1942 from the Inspector-General of Police stating that the four Operators at the City Control Room appointed by transfer from the Electrical Department were in receipt of either cycle allowance or were accommodated in rent free quarters at the places where they were originally working and requesting sanction of Government to the payment of an allowance of Rs.10/- per mensem to each of the four Operators from the date of their report to duty ~~xxxxxx~~ to the A.R.P. Controller, the cost being met out of the lumpsum advance of Rs.50,000/- placed at his disposal.

ORDER NO. 2975-6/W-W252-40-7

Dated, Bangalore, the 13th May 1942.

Sanction is accorded to the payment of a cycle allowance of Rs.5/- (Rupees Five) per mensem to each of the four Operators from the date of their report to duty to the A.R.P. Controller, Bangalore City, the cost being met from the source pointed out.

CHIEF SECRETARY, 4. JUL. 1942 GOVT. OF MYSORE.

To

Ghulam Mohiyuddin Mehkri, Esquire, B.A.,LL.B.,
Chief Secretary to the Government of His
Highness the Maharaja of Mysore, Bangalore.

SIR,

I have the honour to state that sanction has been accorded in G.O.No.2975-6/7 dated 13-5-1942 to the disbursement of the Cycle ARP allowance at Rs.5/- per mensem to each of the four Operators working in the control Room, out of the lumpsum advance placed for A.R.P. works (i.e., from contingencies). This procedure will cause undue delay, as these amounts can be disbursed only after encashment of the D.C.bill after the close of the month.

The procedure of drawing these allowances together with monthly bills will be convenient and can be disbursed along with the Pay. I request that sanction of Government may kindly be obtained to meet these allowances on Pay bills under the same detailed head, instead of meeting out of the lumpsum grant.

I have the honour to be,
Sir,
Your most obedient servant,

Reacher

INSPECTOR GENERAL OF POLICE.

ORDER NO. 220-221/W. Dy 14-7-42

The I.G.P. reports that the procedure of drawing the above allowances from contingencies causes needless delay as the amount can be disbursed only after encashment of the D.C.Bill after the close of the month and it would be convenient if the allowances are drawn together with the monthly bills and disbursed along with the pay. He has accordingly requested sanction to draw the allowances on pay bills under the same detailed head, instead of meeting the out of the lumpsum grant.

The above proposal is sanctioned.

SIR, OPERATORS IN THE CONTROL ROOM.

ENCLOSURES .....

.....

.....

SPARE COPIES.....

I have the honour to state that 4 trained Operators from the Electrical Department have been posted to the A.R.P. Control Room for work, against the appointment of Operators sanctioned in G.O. No.2274-76/W dated 2-4-1942. They have been working by shifts of 8 hours each, one Operator being in Reserve by turns. Thus there will always be one Operator on duty in the Control Room.

This has resulted in great inconvenience, as the only Operator on duty cannot under any circumstances leave his post even for the shortest period. The difficulty and the inconvenience will be all the more if one Operator happens to be on leave. In such instances the working hours of the remaining Operators will have to be increased, and in a moment of emergency, the Control Room remains under-manned.

I have clearly explained the need for extra men in my letter No.A.R.P.600/41-42 dated 9-6-1942 to Government regarding the scheme of Paid Personnel. Provision has also been made in this letter for the appointment of 12 messengers. As against these 12 messengers, it is considered very necessary to appoint 4 messengers imme-

immediately to remain in the Control Room in addition to the extra Operators.

I therefore request the sanction of Government to appoint immediately 4 more Operators and 4 messengers - even pending sanction to my proposal regarding Paid Personnel. The Inspector General of Police is also agreeable to my proposal.

I have the honour to be,
Sir,
Your most obedient servant,

A.R.P. CONTROLLER,
Bangalore City.
